A NEW ECLIPSE IS COMING TO ALASKA

2019 will be a season of firsts in Alaska for us.

Celebrity Eclipse® makes her debut in The Last Frontier joining her sister ship, Celebrity Solstice®.

Plus, for the first time, Celebrity Millennium® visits Alaska fresh from her multi-million-dollar revitalization (part of The Celebrity Revolution).

Celebrity Eclipse

Journey through Alaska on round-trip sailings from Vancouver through the stunning Inside Passage—visit Ketchikan, Juneau, Hubbard Glacier, and more.

They're glacier-calving, whale-breaching, breathtaking modern luxury sailings previously offered on Celebrity Infinity®.

Celebrity Solstice

Embark from the dynamic city of Seattle for a round-trip exploration that visits Victoria, British Columbia, Ketchikan, Skagway, Juneau, and traverses the incredible Tracy Arm Fjord. When it comes to living in the lap of luxury while getting up-close-and-personal with the great outdoors there's no other way to go.

Celebrity Millennium

Fresh from her role in The Celebrity Revolution, she returns to Alaska after a multi-million-dollar revitalization, including completely redesigned staterooms. On board, the newly redesigned staterooms and public venues are the perfect complement to the Seward to Vancouver (or vice versa) adventures through Icy Strait Point, the Inside Passage, and more. Sailing Celebrity Millennium means the Celebrity Cruisetour should be in your planning. Experience the natural wonders by rail, motor coach, Denali National Park. Join us either before or after your Celebrity Millennium sailing for an Alaska Cruisetour that guests will remember for a lifetime.

STAY TUNED FOR BOOKING DETAILS COMING AT THE END OF NOVEMBER.
