DAY 1 SATURDAY AM - BALTRA ISLAND - EMBARKATION

During World War II, Baltra served as a U.S. military base protecting the Panama Canal from enemy attack. Now the cactus-strewn landscapes of Baltra are home to the region's main airport and where you will meet the ship. From the airport, it is just a short bus and Zodiac ride to the ship.

DAY 1 SATURDAY PM - NORTH SEYMOUR ISLAND

North Seymour is a small island just north of Baltra. It is home to the largest colony of frigate birds in the Galapagos. While keeping an eye out for male frigates trying to impress potential mates with an inflated red neck pouch, you may see blue-footed boobies dancing in a timeless courtship ritual. Sea lions and large land iguanas also roam about this rocky terrain. Excursion options: Walk.

DAY 2 SUNDAY AM - SOUTH PLAZA, SANTA CRUZ ISLAND

One of two islands off Santa Cruz, South Plaza was born of upheaval, uplifted during a geologic event. This small, but beautiful rocky island is strewn with tall prickly pear cactus and roaming land iguanas, marine iguanas, along with a colony of sea lions. Numerous seabirds nest in and soar over the cliff on the high side of the island. Excursion options: Walk.

DAY 2 SUNDAY PM - SANTA FE ISLAND

The visit at Santa Fe begins with a wet landing on the small beach in Barrington Bay on the northeast side of the island. Large numbers of sea lions are found on the beaches and can often be seen surfing in the waves. Some of the island's endemic species include massive Santa Fe Opuntia cactus, the Galapagos Hawk, Galapagos Snake, rice rats, different types of finches, and the Galapagos Mockingbird. The visit includes a hike past saltbush where Galapagos hawks as well as the Santa Fe land iguanas tend to roam. While snorkeling, sea lions are the main attraction. Fish densities are fairly low, but there are occasional sightings of sea turtles and various rays. Excursion options: Walk, swim, kayak, snorkel, Zodiac.

DAY 3 MONDAY AM - PUNTA PITT, SAN CRISTOBAL ISLAND

Pitt Point is located on the northeastern tip of San Cristobal Island. After disembarking onto the small green sand beach, you will hike up to a plateau, where the view and landscape are so spectacular it is well worth the effort. A steep gully leads up the cliff to a breeding ground for all three varieties of boobies: Red-footed, Blue-footed and Nazca. It's the only place in the Galapagos where you can see all three species nesting together. Excursions options: Hike, kayak, snorkel, Zodiac.

DAY 3 MONDAY PM - PUERTO BAQUERIZO MORENO, SANTA CRUZ

Here we have the opportunity to visit the small waterfront town of Puerto Baquerizo Moreno, the administrative capital of the islands. Excursion options: a tour of a local interpretation center and time for shopping or a fast-paced long walk to view scenic vistas, followed by a visit to the interpretation center.

DAY 4 TUESDAY AM - POST OFFICE BAY, FLOREANA ISLAND

Rich in history, this site is home to the post office barrel established in about 1793, where pirates, buccaneers, whalers, and others could leave their mail to be picked up by outbound ships. The tradition continues today, as visitors leave addressed postcards in the barrel and sort through mail left behind to deliver at home.

BARONESS OUTLOOK, FLOREANA ISLAND

The Baroness' Viewing Point is the ideal place to take in the unique scenery that defines Floreana, and to learn about the history of the island's early settlers. Once inhabited by an indulgent baroness and her three lovers, the history of this island is intriguing. During the Zodiac ride around "La Loberia," you can observe several marine species such as golden eagle rays, sea turtles, sea lions, mullets and occasionally Galapagos penguins. Excursion options: zodiac, walk.

DAY 4 TUESDAY PM - CORMORANT POINT, FLOREANA ISLAND

Floreana was the first capital of the Galapagos, and where Charles Darwin met the islands' Governor. Its small brackish lagoon is often home to flamingos, stilts, and white-cheeked pintail ducks, and one of its beaches is a popular nesting site for sea turtles. Check out the green-hued sand where you land! Excursion options: Walk and swim.

CHAMPION BAY, FLOREANA ISLAND

Champion lies east of Floreana and provides a wonderful opportunity for snorkeling and a Zodiac ride. When snorkeling, tropical fish abound with frequent sightings of sea turtles, rays, sharks, sea stars, and more. If we're lucky, the sea lions will be in a playful mood. During a Zodiac ride along the rocky shoreline keep an eye out for seabirds such as boobies, pelicans, and frigate birds. Red-billed Tropicbirds nest in the crevices below the large prickly pear cacti and you may spy the very rare Charles Mockingbird. Excursion options: Snorkel, Zodiac.

DAY 5 WEDNESDAY AM - ELIZABETH BAY MANGROVES, ISABELA ISLAND

Elizabeth Bay is one of the furthest points in the Galapagos visited on our cruise. We will enter a sheltered cove accessible only by Zodiac. It is a wonderful and secluded mangrove ecosystem that is a refuge, resting, and feeding site for sea turtles, rays, blue-footed boobies, flightless cormorants, penguins, pelicans, lava herons, and more. Excursion options: Zodiac.

DAY 5 WEDNESDAY PM - MORENO POINT, ISABELA ISLAND

Moreno Point, at the base of Cerro Azul Volcano, is dotted with lagoons that host a wide variety of wildlife. At first glance, Moreno Point appears to be covered by a flat featureless lava flow and devoid of life. Upon closer inspection and a short walk, much more is discovered within its oasis-like ponds that often host flamingos, paint-billed crakes, white-cheeked pintails, and common gallinules. On the Zodiac ride keep your eyes out for Galapagos penguins, flightless cormorants, brown pelicans and blue-footed boobies. There may also be an opportunity to snorkel. Excursion options: Walk, Zodiac, deep water snorkel.

DAY 6 THURSDAY AM / PM - PUERTO AYORA, SANTA CRUZ ISLAND

This is the main population center of the islands, and home to the National Park Service tortoise-breeding center and the Charles Darwin Research Station. Here you will have the opportunity to visit the tortoise-breeding center and walk through the Charles Darwin Research Station. In addition, you can also take a bus ride to the highlands to observe giant tortoises in the wild and walk through a lava tunnel. Optional time for shopping will be available. Excursion options: Tortoise-breeding Center/Charles Darwin Center, Highlands.

DAY 7 FRIDAY AM - GARDNER BAY, ESPAÑOLA ISLAND

The beach at Gardner Bay, with its sparkling white sand, offers one of the best places to relax and swim in the Galapagos. It is home to one of the most important colonies of sea lions in the archipelago, and is also a nesting site for sea turtles. Three species of Darwin's finches and Española Mockingbirds may also be seen here. Excursion options: Swim, snorkel, and kayak.

DAY 7 FRIDAY PM - SUAREZ POINT, ESPAÑOLA ISLAND

Española is the oldest island in the Galapagos and home to an amazing variety and abundance of wildlife. Lazy sea lions often greet visitors at the rocky landing where bright red and green marine iguanas rest atop the sand and rocks. They are the only marine iguanas that remain brightly colored throughout the year. Suarez Point is also home to large populations of Nazca and blue-footed boobies, colorful Española Lava Lizards, Galapagos Hawks, Española Mockingbirds, three species of Darwin's finches, Galapagos Doves, Swallow-tailed Gulls and Red-billed Tropicbirds, which dash in and out of the cracks in the cliffs as well as the astounding waved albatross (between April and December). The 10,000 to 12,000 pairs of waved albatross on Española represent the vast majority of this species on the planet. They perform one of the most spectacular courtship rituals in the animal world. Excursion options: Hike.

DAY 8 SATURDAY AM - BALTRA DISEMBARKATION / AIRPORT TRANSFER FOR FLIGHT HOME

Baltra is home to the region's main airport, and where you will fly out. You will have a Zodiac and bus ride to the airport.

CELEBRITY XPEDITIONSM

Thursday	Darwin Bay, Genovesa	2:30pm	6:00pm
Friday	Puerto Ayora, Santa Cruz	8:00am	6:00pm
Saturday	Baltra Island	8:00am	

DAY 1 SATURDAY AM - BALTRA ISLAND - EMBARKATION

During World War II, Baltra served as a U.S. military base protecting the Panama Canal from enemy attack. Now the cactus-strewn landscapes of Baltra are home to the region's main airport and where you will meet the ship. From the airport, it is just a short bus and Zodiac ride to the ship.

DAY 1 SATURDAY PM - BLACK TURTLE COVE, SANTA CRUZ ISLAND

A Zodiac ride into Black Turtle Cove, one of the most beautiful sites in the Galapagos, takes us through a complex maze of tranquil saltwater inlets surrounded by mangroves. Once inside the cove, we'll quietly explore the area looking for sea turtles, several species of rays, and sharks. It is also a nesting site for brown pelicans, egrets, and herons. Excursion options: Zodiac.

DAY 2 SUNDAY AM - RABIDA ISLAND

A small island south of Santiago, Rabida is best known for its amazingly red sand and eroded volcanic landscape. A nesting colony of pelicans makes its home here, along with sea lions, finches, mockingbirds, Galapagos Hawks, and some seabirds. With good conditions, the snorkeling can be excellent. Excursion options: Zodiac, walk, swim, kayak and snorkel.

DAY 2 SUNDAY PM - EGAS PORT, SANTIAGO ISLAND

With its black sand beach, coastal tide pools, and blue-water grottos, this stop offers a wonderful taste of the Galapagos and the opportunity to see shore birds, Galapagos Hawks, sea lions, marine iguanas, and Galapagos fur seals. Sea lions, colorful tropical fish, and sea turtles are often seen while snorkeling here (conditions permitting). Excursion options: Walk, swimming, snorkel.

DAY 3 MONDAY AM - TAGUS COVE, ISABELA ISLAND

Historically an anchorage for pirates and whalers, this site offers a breathtaking view of Isabela, its volcanoes, and spectacular Darwin Lake. Along the shore, seabirds, penguins, sea lions, sea turtles, and nesting flightless cormorants can often be found. Excursion options: Zodiac, walk, snorkeling and kayak.

DAY 3 MONDAY PM - ESPINOZA POINT, FERNANDINA ISLAND

Fernandina is the youngest island in the Galapagos and, as Darwin wrote, it is "covered with immense deluges of black naked lava." Along with its extraordinary black lava rocks, this point of land hosts the largest colony of marine iguanas in the Archipelago, along with sea lions and a nesting site for flightless cormorants. Excursion options: Walk, snorkel, hike.

DAY 4 TUESDAY AM - URVINA BAY, ISABELA ISLAND

Composed of five coalesced volcanoes, Isabela is the largest island in the Galapagos and the most recently active, the latest eruption having occurred in 2015. Here we will see large land iguanas, finches, and if lucky, a giant tortoise or two. In 1954, the intrusion of magma below one of the island's volcanoes caused part of the bay to be uplifted some 6 meters, and today we can walk through the remains of what was once a thriving underwater reef. Excursion options: Walk, hike, snorkel, swim.

DAY 4 TUESDAY PM - VICENTE ROCA POINT, ISABELA ISLAND

The half-collapsed remains of an ancient volcano make for a spectacular setting at this site. Awe-inspiring cliffs, blue waters, and wildlife create a Zodiac ride to remember as we search for sea turtles, penguins, fur seals, the flightless cormorant, marine iguanas, marine mammals, and the oddly shaped form of the elusive sunfish. Excursion options: Zodiac, deep water snorkel.

DAY 5 WEDNESDAY AM - BARTOLOME ISLAND

Bartolomé Island hosts one of the region's most often photographed views, and a spectacular geologic setting. Its barren moon-like volcanic landscapes, spatter cones, and pinnacle rock make for a unique stop. It is also home to the endemic Galapagos penguin and provides an excellent opportunity for snorkeling. Excursion options include a hike up some 368 stairs "To the Top" of the volcano, a Zodiac ride, and an optional beach swim or snorkel. Excursion options: Hike, swim, beach and snorkel.

DAY 5 WEDNESDAY PM - LAS BACHAS, SANTA CRUZ

Las Bachas Beach is located in the north of Santa Cruz Island. Its soft, white sand is derived from decomposed coral, making it a favorite nesting site for sea turtles. Behind the beach there is a small brackish lagoon, where it is possible to observe flamingos and other coastal birds, such as black-necked stilts and whimbrels. Excursion options: Walk and Swim.

DAY 5 WEDNESDAY PM - DAPHNE ISLAND

Daphne is a satellite volcanic cone located north of Santa Cruz Island. The crater floor is an important breeding site for blue-footed boobies. This Island is famous for the scientific investigation led by Peter and Rosemary Grant on the finches' population, one of the most important studies on the field that supports Charles Darwin's Theory. The cliff shore of the island is home for sea lions, pelicans, blue-footed boobies, and tropical birds which can be observed during the circumnavigation of the island.

DAY 6 THURSDAY AM - EL BARRANCO, GENOVESA ISLAND

El Barranco, also known as Prince Phillip's Steps, named for Prince Philip who visited Galapagos in 1965 and again in 1981, is a steep stairway that leads up through a seabird colony full of Nazca and Red-footed Boobies. Once visitors reach the plateau, the trail continues inland and passes more nesting booby colonies in the thin Palo Santo forest. You will see Nazca boobies, Galapagos doves, mockingbirds and storm petrels. Lucky visitors with keen eyes may catch a glimpse of a Short-eared lava owl stalking petrel along the island's eastern cliffs. Excursion options: Hike, zodiac, deep water snorkel.

DAY 6 THURSDAY PM - DARWIN BAY, GENOVESA ISLAND

Darwin Bay's soft white sand is only the beginning of a spectacular excursion. A trail from the beach takes you into lush mangroves where red-footed boobies nest. Other local wildlife includes sea lions, swallow-tailed gulls, frigate birds, and more. Snorkeling is a must here, as the nutrient-rich water attracts all types of marine life, including sharks, sea lions, sea turtles, and the occasional manta ray. Excursion options: Walk, swim, snorkel and kayak.

DAY 7 FRIDAY AM/PM - PUERTO AYORA, SANTA CRUZ ISLAND

This is the main population center of the islands, and home to the National Park Service tortoise-breeding center and the Charles Darwin Research Station. Here you will have the opportunity to visit the tortoise-breeding center and walk through the Charles Darwin Research Station. In addition, you can also take a bus ride to the highlands to observe giant tortoises in the wild and walk through a lava tunnel. Optional time for shopping will be available. Excursion options: Tortoise-breeding Center/Charles Darwin Center, Highlands.

DAY 8 SATURDAY AM - BALTRA DISEMBARKATION / AIRPORT TRANSFER FOR FLIGHT HOME

Baltra is home to the region's main airport, and where you will fly out. You will have a zodiac and bus ride to the airport.

DAY 6 TUESDAY PM - VICENTE ROCA POINT, ISABELA ISLAND

The half-collapsed remains of an ancient volcano make for a spectacular setting at this site. Awe-inspiring cliffs, blue waters, and wildlife create a Zodiac ride to remember as we search for sea turtles, penguins, fur seals, the flightless cormorant, marine iguanas, marine mammals, and the oddly shaped form of the elusive sunfish. Excursion options: Zodiac, deep water snorkel.

DAY 7 WEDNESDAY AM - BARTOLOME ISLAND

Bartolomé Island hosts one of the region's most often photographed views, and a spectacular geologic setting. Its barren moon-like volcanic landscapes, spatter cones, and pinnacle rock make for a unique stop. It is also home to the endemic Galapagos penguin and provides an excellent opportunity for snorkeling. Excursion options include a hike up some 368 stairs "To the Top" of the volcano, a Zodiac ride, and an optional beach swim or snorkel. Excursion options: Hike, swim, beach and snorkel.

DAY 7 WEDNESDAY PM - LAS BACHAS, SANTA CRUZ

Las Bachas Beach is located in the north of Santa Cruz Island. Its soft, white sand is derived from decomposed coral, making it a favorite nesting site for sea turtles. Behind the beach there is a small brackish lagoon, where it is possible to observe flamingos and other coastal birds, such as black-necked stilts and whimbrels. Excursion options: Walk and Swim.

DAY 7 WEDNESDAY PM - DAPHNE ISLAND

Daphne is a satellite volcanic cone located north of Santa Cruz Island. The crater floor is an important breeding site for blue-footed boobies. This Island is famous for the scientific investigation led by Peter and Rosemary Grant on the finches' population, one of the most important studies on the field that supports Charles Darwin's Theory. The cliff shore of the island is home for sea lions, pelicans, blue-footed boobies, and tropical birds which can be observed during the circumnavigation of the island.

DAY 8 THURSDAY AM - EL BARRANCO, GENOVESA ISLAND

El Barranco, also known as Prince Phillip's Steps, named for Prince Philip who visited Galapagos in 1965 and again in 1981, is a steep stairway that leads up through a seabird colony full of Nazca and Red-footed Boobies. Once visitors reach the plateau, the trail continues inland and passes more nesting booby colonies in the thin Palo Santo forest. You'll see Nazca boobies, Galapagos doves, mockingbirds, and storm petrels. Lucky visitors with keen eyes may catch a glimpse of a short-eared lava owl stalking petrel along the island's eastern cliffs. Excursion options: Hike, Zodiac, deep water snorkel.

DAY 8 THURSDAY PM - DARWIN BAY, GENOVESA ISLAND

Darwin Bay's soft white sand is only the beginning of a spectacular excursion. A trail from the beach takes you into lush mangroves where red-footed boobies nest. Other local wildlife includes sea lions, swallow-tailed gulls, frigate birds, and more. Snorkeling is a must here, as the nutrient-rich water attracts all types of marine life, including sharks, sea lions, sea turtles, and the occasional manta ray. Excursions include: Walk, swim, snorkel, kayak.

DAY 9 FRIDAY AM/PM - PUERTO AYORA, SANTA CRUZ ISLAND

This is the main population center of the islands, and home to the National Park Service tortoise-breeding center and the Charles Darwin Research Station. Here you will have the opportunity to visit the tortoise-breeding center and walk through the Charles Darwin Research Station. In addition, you can also take a bus ride to the highlands to observe giant tortoises in the wild and walk through a lava tunnel. Optional time for shopping will be available. Excursion options: Tortoise-breeding Center/Charles Darwin Center, Highlands.

DAY 10 SATURDAY AM - BALTRA DISEMBARKATION / FLIGHT TO QUITO

Baltra is the home to the region's main airport and where you will fly out. You will have a zodiac and bus ride to the airport.

DAY 10 SATURDAY PM - QUITO

Upon your arrival in Quito, a Celebrity Cruises representative will escort you to the JW Marriott hotel. Dinner is served at the hotel.

DAY 11 SUNDAY AM

On Sunday after breakfast, your Celebrity Cruises representative will once again escort you to the airport for your return flight home.

DAY 1 THURSDAY - QUITO ARRIVAL

On the first day of your journey, you'll be greeted at the airport by a Celebrity Cruises representative and transferred to the JW Marriott hotel. Enjoy free time to relax and settle in.

DAY 2 FRIDAY - QUITO

During a guided tour of the capital of Ecuador, situated at an altitude of 9,350 feet, you'll stand on the equatorial line at the middle of the World Park and Museum, and marvel at the monastery of San Francisco and la Compañía Church. Your Tour Director will escort you throughout your Quito stay, and serve as your personal concierge. Lunch with a spectacular view of the city, and enjoy a welcome dinner at a local gourmet restaurant.

DAY 3 SATURDAY AM - QUITO - FLIGHT TO BALTRA ISLAND - EMBARKATION

During World War II, Baltra served as a U.S. military base. Now the cactus-strewn landscapes of Baltra are home to the region's main airport and where you will meet the ship. From the airport, it is just a short bus and Zodiac ride to the ship.

DAY 3 SATURDAY PM - NORTH SEYMOUR ISLAND

This is home to the largest colony of frigate birds in the Galapagos. While keeping an eye out for male frigates trying to impress potential mates with an inflated red neck pouch, you may see blue-footed boobies dancing in a timeless courtship ritual. Excursion options: walk.

DAY 4 SUNDAY AM - SOUTH PLAZA, SANTA CRUZ ISLAND

One of two islands off Santa Cruz, South Plaza was born of upheaval during a geologic event. This small, but beautiful rocky island is strewn with prickly pear cactus and roaming land iguanas, marine iguanas, and a colony of sea lions. Excursion options: walk.

DAY 4 SUNDAY PM - SANTA FE ISLAND

The visit begins with a wet landing on Barrington Bay's beach. Sea lions here can often be seen surfing in the waves. Species include the Galapagos Hawk, different finches, and the Galapagos Mockingbird. Excursion options: Walk, swim, kayak, snorkel, zodiac.

DAY 5 MONDAY AM - PUNTA PITT, SAN CRISTOBAL ISLAND

Disembark onto a green sand beach and hike up to a plateau where the view is beyond spectacular. A steep gully leads up the cliff to a breeding ground for all three varieties of boobies: Red-footed, Blue-footed and Nazca. Excursions options: hike, kayak, snorkel, zodiac.

DAY 5 MONDAY PM - PUERTO BAQUERIZO MORENO, SANTA CRUZ

Here we have the opportunity to visit the small waterfront town of Puerto Baquerizo Moreno, the administrative capital of the islands. Excursion options: a tour of a local interpretation center and time for shopping or a fast-paced long walk to view scenic vistas, followed by a visit to the interpretation center.

DAY 6 TUESDAY AM - POST OFFICE BAY, FLOREANA ISLAND

The post office barrel, established about 1793, is where pirates and whalers left mail to be picked up by outbound ships. The tradition continues today. The Baroness' Outlook was once inhabited by an indulgent baroness and her three lovers. Excursions include: Zodiac, walk, swim, snorkel.

DAY 6 TUESDAY PM - CORMORANT POINT, FLOREANA ISLAND

Floreana's small brackish lagoon is home to flamingos, stilts, and white-cheeked pintail ducks. Check out the green-hued sand where you land! Champion provides a wonderful opportunity for snorkeling and seabirds. Excursion options: snorkel, Zodiac, walk, swim.

DAY 7 WEDNESDAY AM - ELIZABETH BAY, ISABELA ISLAND

One of the furthest points we visit. This sheltered cove is a secluded mangrove ecosystem that is a refuge and feeding site for sea turtles, rays, blue-footed boobies, flightless cormorants, penguins, pelicans, lava herons, and more. Excursion options: Zodiac.

DAY 7 WEDNESDAY PM - MORENO POINT, ISABELA ISLAND

Its oasis-like ponds often host flamingos, paint-billed crakes, and white-cheeked pintails. On the Zodiac ride keep your eyes out for Galapagos penguins, flightless cormorants, brown pelicans and blue-footed boobies. Excursion options: walk, zodiac, deep water snorkel.

DAY 8 THURSDAY AM / PM - PUERTO AYORA, SANTA CRUZ ISLAND
