## Top 3 reasons to book your shore excursions with Celebrity Cruises®

### ① Peace of Mind

We use only reputable and insured operators. When you are off the ship we keep in touch with the tour in case of any delays, so if your tour is delayed the ship waits.

### ② Knowledgeable Service

We've done the research and the planning and offer high-quality experiences that provide knowledgeable guides and great service. If a tour or itinerary changes Celebrity will assist with the details.

### ③ Convenience

We offer tour packages on most itineraries so you can see more and save more. We provide transportation from the ship to the tour. And there are no hidden costs, unlike those that other tour operators may charge. Some tours do offer additional amenities and services available for purchase, which will be identified in the tour description.
