

XCELERATE

High-speed Internet at Sea

NOW YOUR CLIENTS CAN BROWSE AND STREAM FASTER

When your clients book with us, the excitement moves at their own pace. But when it comes to their Internet experience, we're speeding things up with Xcelerate high-speed Internet at sea. Now clients can share memories with video calling and messaging like Skype and Facetime, browse web sites faster, and sit back with their favorite movies or shows with streaming video capability.
