

Frequently Asked Questions:

Labadee Smoking Policy and Beach Enhancements

Smoking Policy:

1. Where is smoking permitted on Labadee?

Smoking is only permitted in designated smoking areas located in central locations throughout the island. Currently there are 11 designated smoking areas.

2. How will my clients know if an area is a designated smoking area?

Each designated smoking area is clearly identified with a “Designated Smoking Area” sign. For their convenience, each area also features seating and fire resistant ashtrays.

3. Are the smoking areas located near dining venues?

Designated smoking areas are conveniently located near main attractions in Labadee. However, these locations will be approximately 30ft away from any food and beverage venues in order to not disrupt diners.

Beach Enhancements:

1. When will the beach maintenance begin?

Adrenaline Beach maintenance will begin August 14th, 2017

2. When will the beach maintenance end?

The beach maintenance and restoration is scheduled to be completed in 4 phases and end in October 2017. Schedule is subject to change.

3. Which locations will be impacted during Labadee beach maintenance?

Adrenaline Beach will be undergoing beach enhancement. Work will take place in four phases from August 14th through October 2017. Work will not take place when guests are on the island.

4. What enhancements will be made?

The footprint and quality of the beach and surrounding areas will be nourished. In addition, reef balls will be added to increase the tranquility of the water and to provide exciting new marine habitats and snorkeling paths for our guests.

5. Will any experiences be affected by the maintenance?

Possibly. During the enhancement, some beach bungalows may have obstructed views. Please note that the lounge chairs at Adrenaline beach will still be available.

6. How will this affect the beach itself?

The surrounding beach will be unaffected and will remain open for guest's enjoyment.
