EVERY ADVENTURE UNDER THE SUN

This is not same deck chair, different day. Royal Amplified will drench outside pool decks in all new ways to splash, catch shade, or score those bragworthy moments. Like first-of-their-kind slides and rides for the boldest thrill seekers, including the longest aqua coaster waterslide at sea. And a pool with double the surface area and tons of new spaces to lounge and play, keeping you connected to water — day and night.

RAISING THE BAR

This is not watered down watering holes. It's your chance to clink, drink and live it up in new bars and nightlife hotspots, each with a vibe as distinct as the cocktails they shake up. From video games to open mic fame, you'll find endless ways to be entertained. And enjoy downright good food that keeps the night charging on.
