

# ENHANCED CHECK-IN

## NEW CHECK-IN OPTIONS FOR YOUR FAVORITE ROYAL CARIBBEAN BRANDS

You and your clients are now able to experience these exciting new changes.

You may use one of these two easy options to complete this process:

### OPTION I: GUEST SELF CHECK-IN

1. Skip the line and download the App - available for both iOS and Android.
  - Azamara Club Cruises app
  - Celebrity Cruises app
  - Royal Caribbean International app

2. Contact information for sailing guests
3. Don't forget to encourage your clients to scan their passports, upload a photo, and complete the other requested fields to generate each guest's SetSail Pass.
4. Setup onboard expense account

This quick and easy process grants eligibility for the Expedited Arrival\* benefit to your clients and also supports mobile boarding passes, where applicable. Should your clients prefer not to download the respective app on their Mobile device, the Guest Self Check-in process can also be completed by accessing the relevant cruise brand's website.

\* Note: The Expedited Arrival benefit is only available on select ships.

### OPTION II: PARTNER ASSIST CHECK-IN

1. For the Azamara, Celebrity and Royal Caribbean brands, Travel Partners can now access Check-in via CruisingPower.com.
2. Sign-in to CruisingPower.com.
3. Select Booking Tool from the top navigation bar.
4. Click Check-in for the respective cruise brand.
5. Input the requested information:
6. Click "Begin Check-in" and complete the process with your client's information, as prompted.
7. Upon completion, forward your client's SetSail Pass and luggage tags accordingly.

*Note: This path is not eligible for the new Expedited Arrival and mobile boarding pass benefits. This option requires that your clients proceed with the traditional process at the pier, seeking assistance from a Pier Agent at the Check-in counter.*

*In addition, during this process, you will be asked to accept the Cruise Ticket Contract ("CTC") on behalf of your client(s). By accepting the terms of the CTC, you are acknowledging to Royal Caribbean Cruises Ltd. that your client and all guests in the same reservation for whom you are completing check-in have each explicitly instructed you to accept the CTC on their behalf, as their travel advisor.*

**Visit [CruisingPower.com](https://www.cruisingpower.com) for more details.**

**Thank you for your continued support of Royal Caribbean Cruises Ltd. We look forward to welcoming your clients onboard.**
