FREQUENTLY ASKED QUESTIONS

1. What is VOOM?

VOOM – the fastest internet at sea, is the name of Royal Caribbean’s exclusive high-speed internet service.

2. What ships currently have VOOM?

Beginning May 1st, 2016, VOOM – the fastest internet at sea will be available across the entire Royal Caribbean fleet.

3. With the fleetwide introduction of VOOM, what’s different on your ships after May?

The Royal Caribbean fleet already has the best internet at sea from a Wi-Fi coverage and bandwidth perspective. We continue to improve our technology using a combination of service providers differentiating us from our competitors. With the fleetwide introduction of VOOM, your clients will also now be able to stream and utilize VoIP applications, such as FaceTime and Skype.

4. How will the internet experience vary from ship to ship?

Our ships have a combination of technology from multiple providers, sharing bandwidth to ensure that all our ships have the capability to offer the fastest internet experience at sea. There will be slight variations in service based on ship location, but your clients will be able to stream music and movies, upload pictures, video chat with family and friends using FaceTime or Skype, check their email, lookup their stock prices, surf the web and stay connected with work via VPN, on every Royal Caribbean ship.

5. Are there additional costs associated with VOOM – the fastest internet at sea?

Yes, for a nominal fee, your clients can now choose from two great packages: SURF and SURF & STREAM.

FREQUENTLY ASKED QUESTIONS

6. What is the difference between the packages SURF and SURF + STREAM?

SURF is the best package for guests looking to simply surf the web, stay in touch via email and share their vacation photos on social media. SURF + STREAM is ideal for those looking to do everything available to them under SURF, but also want the capability to stream movies and music from Netflix or Spotify, and connect using video chat apps such as Skype.

7. Will my phone carrier assess additional fees when using VOOM-the fastest internet at sea while onboard?

No. There will be no hidden charges or additional fees from your phone carrier if the devices are set to Airplane Mode and/or have the data services turned of.

8. How can my clients purchase VOOM?

Now available for purchase, Royal Caribbean's new VOOM packages can be confirmed either pre-cruise through our Pre-Cruise Planner tool or while onboard. Packages are available for all sailings departing on-or-after May 1st, 2016. Guests opting to purchase their VOOM package pre-cruise will enjoy a 30% discount."
