SAFETY BRIEFING OVERVIEW

Once guests have launched the Safety Briefing in the app, all that's left is a quick visit to their assigned assembly station onboard. Your clients can get straight to the adventure faster than ever thanks to our all-new guest Safety Briefing. This totally reimagined muster drill experience eliminates the need for large gatherings and puts peace of mind and convenience at their fingertips — literally.

HERE'S HOW IT WORKS

Guests can now complete the drill at their leisure prior to sail time by simply viewing the safety video via the Royal Caribbean app or their interactive stateroom TV.

Afterwards, all that's left is a quick visit to their assigned assembly station located on their SeaPass card where a crew member will verify completion and answer any questions. That's it!

Encourage your clients to download the Royal Caribbean app today!
