CRUISING **P**OWERSM

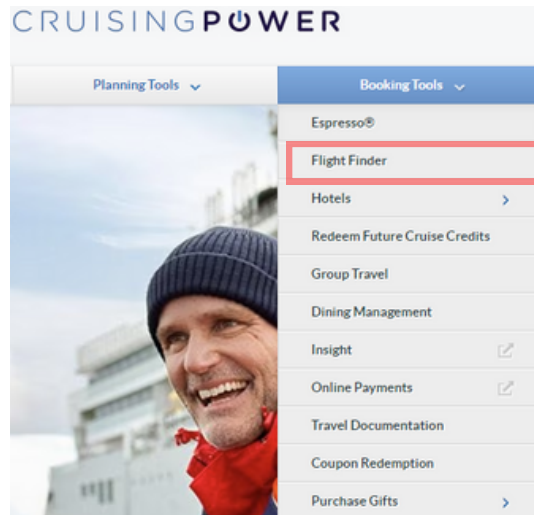

Flight Finder

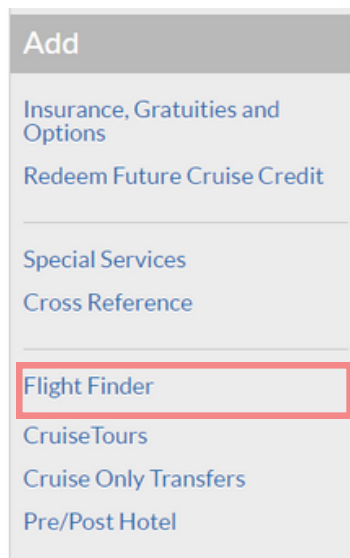

Flight Finder allows you to shop, book and manage your clients' flights quickly and easily. Review available fares, including 'Book Now/Pay Later' prices, choose the best options for your clients' needs, and even select their seat assignments, all within one convenient tool!

Accessing Flight Finder

From the global navigation bar in Cruising Power, under Booking Tool select Flight Finder.

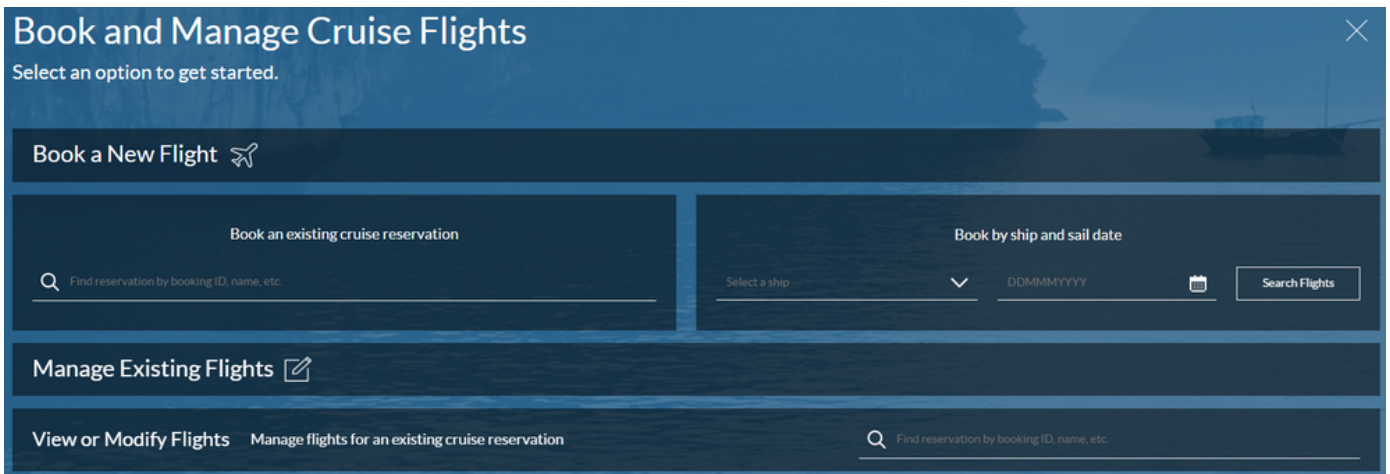

If working in a booking in Espresso, Flight Finder is also accessible by clicking Flight Finder in the Add section of the grey bar on the left side of the screen, Espresso will automatically pass Flight Finder the details of the booking.

Using Flight Finder

The home page of Flight Finder will allow you to book flights, manage existing flights, view or modify the flights.

From the Flight Finder landing page, you can enter a booking ID or a ship and sail date to begin shopping for air. If you have already created a cruise reservation for your clients, we recommend entering the booking ID, this will automatically display the guest information.

Shopping for and booking air in Flight Finder is a simple five-step process:

1. Search Flights
2. Choose Flights
3. Guest Details
4. Select Seats
5. Review & Book

Search Flights

The search process begins by selecting the guests for whom you would like to shop for air then entering the departure airport for each guest.

If you know the three-letter airport code, feel free to enter it or you can enter the name of the departure city and select the desired airport. If all selected guests are flying from the same airport, click “Use this gateway for all selected guests”.

Please keep in mind that guests who are traveling from the same city and airport do not have to be booked on the same flights unless selected together during the booking process. To select different travel days, departure airports, or flights for some of your clients, complete the shopping and booking process for them separately.

If you need to shop for air for additional guests in other reservations for the same sailing, use the search feature in the Retrieve Booking ID section to locate their reservation and select the appropriate guests.

If the lead booking is tagged with a guest from another reservation, the bookings will automatically appear. You will only be able to access bookings that are linked to your agency, bookings under a different agency will not appear and instead present an error that you are not authorized to retrieve the reservation.

When you have selected all desired guests and entered their departure airport, click **Book Flights for Selected Guests** at the bottom of the screen.

The screenshot shows a web interface for searching flights. At the top, there are five steps: 1. Search Flights, 2. Choose Flights, 3. Guest Details, 4. Select Seats, and 5. Review & Book. Below this is a dark blue header with the text: "CURRENT BOOKING: Booking ID: 8766096 Ship: SERENADE OF THE SEAS Sail Date: 05DEC2023".

The main section is titled "Select Your Guests". It contains a note: "Please select the guests that you would like to book a flight for. You can also review flight itineraries for previously booked flights. NOTE: All selected guests who are traveling from the same city & airport must be booked on the same flight." Below the note is a table with three columns: "GUEST NAME", "DEPARTURE CITY/AIRPORT", and "FLIGHT DETAILS".

<input checked="" type="checkbox"/>	GUEST NAME	DEPARTURE CITY/AIRPORT	FLIGHT DETAILS
<input checked="" type="checkbox"/>	SAROYA SMITH	(JFK) New York, NY - Joh	Use this gateway for all selected guests
<input checked="" type="checkbox"/>	SHANEIKA WATT	(JFK) New York, NY - Joh	

Below the table is a section titled "Retrieve Booking ID" with a red border. It contains the text: "Please enter a booking ID to retrieve guests." and a search input field with a magnifying glass icon and the placeholder text: "Find reservation by booking ID, name, etc." At the bottom right of the interface is a blue button with a red border labeled "Book Flights for Selected Guests".

Since there are no pre or post-cruise arrangements on this booking, Flight Finder assumes the client will be arriving on the day the cruise departs and leaving the day the cruise returns. The dates and times are automatically populated to match up with our airport transfers.

1. Select whether the client wants roundtrip or one-way flight arrangements. You also have the option to select a preferred class or airline. Since we have entered the process using an existing booking, the currency is automatically selected based on the currency of the cruise reservation.
2. If your client prefers to arrive a day or more before the cruise begins or stay a few days after the cruise returns, simply adjust the dates and times as needed.

Note: For sailings where the cruise departs and ends in a different port or country, Flight Finder will automatically display the trip details to match that of the cruise.

Click View Available Flights at the bottom of the screen to continue to the next step.

The screenshot displays the 'Flight Options' section of a booking system. At the top, a progress bar shows five steps: 1. Search Flights, 2. Choose Flights, 3. Guest Details, 4. Select Seats, and 5. Review & Book. Below this, a 'CURRENT BOOKING' bar shows 'Booking ID: 8766096', 'Ship: SERENADE OF THE SEAS', and 'Sail Date: 05DEC2023'. The main area is titled 'Flight Options' and includes a 'Return to Guest Selection' link. It shows 'NUMBER OF PASSENGERS' set to 2 and 'Booking for Passenger(s) 2 of 2: Saroya Smith, Shaneika Watt'. Under 'TRIP TYPE', 'Roundtrip' is selected. There are dropdowns for 'PREFERRED CLASS' (set to ALL), 'PREFERRED AIRLINE' (set to Search All), and 'CURRENCY' (set to USD - U. S. Dollars). Below this, two columns of 'CRUISE DEPARTURE DETAILS' and 'CRUISE RETURN DETAILS' are shown. The departure details include 'Cruise Departure: 05DEC2023', 'Arrive no later than: 12:30 PM', 'FLYING FROM: (JFK) New York, NY - John F Kennedy Inte', 'FLYING TO: (MIA) Miami, FL - Miami International Airp', 'ARRIVING ON: 05DEC2023', and 'ARRIVE BY: 12:30 PM'. The return details include 'Cruise Return: 09DEC2023', 'Depart no earlier than: 12:00 PM', 'FLYING FROM: (MIA) Miami, FL - Miami International Airp', 'FLYING TO: (JFK) New York, NY - John F Kennedy Inte', 'DEPARTING ON: 09DEC2023', and 'DEPARTING AFTER: 12:00 PM'. A 'View Available Flights' button is located at the bottom right of the form.

Note: At anything throughout the process, you can verify the sailing details by clicking on the down arrow in the “Current Booking” bar at the top of the page, this will expand the section to allow you to see more details about the itinerary of the cruise and reconfirm the departure port if necessary.

This close-up shows the 'CURRENT BOOKING' bar with the text 'Booking ID: 8766096', 'Ship: SERENADE OF THE SEAS', and 'Sail Date: 05DEC2023'. A red box highlights a downward-pointing chevron icon on the right side of the bar.

Choose Flights

The display of available flight options begins with the departing flight.

At the top of the screen, the search criteria from step 1 will display.

If you need to adjust the search, make the changes in the appropriate fields and click **Update Search**.

[Advance Search](#)

On the left side of the screen are a variety of tools allowing you to filter and sort the flight search results.

- Change how the flight results are sorted; by price, departure time or arrival time.
- Filter by price, number of stops, fare type (refundable or non-refundable), baggage (checked bags included in the fare), cabin class, airlines, layover duration, departure time, arrival time and layover options.

Search results are shown on the right side of the screen. Within each flight option, there is a summary of the flights at the top showing the flight date, length, departure city and time, location of any layovers, arrival city and time, flight numbers and operating carriers.

Note: In the event, the arrival date is different from the departure date, it will be displayed. This is likely to occur when booking long hauls or overnight flights.

Based on the fare that you choose to purchase, changing or cancelling flight reservations may result in additional fees being assessed. Please review the schedule below for details on these fees.

Type of Fare	Fees & Restrictions
Refundable Outside of Cruise Final Payment	No Change Fees No Cancellation Fees
Refundable Within Cruise Final Payment	USD 200.00 Change Fee USD 200.00 Cancellation Fee
Non-Refundable	No Refund

[Return to Selection](#)

The current rate is shown in the box for each class of service available. The rate represents the lowest available per person airfare (for both departing and returning flights), therefore, selecting the departing flight will include the companion return flight for that total fare if selected.

If the selected departure flight differs, the system will adjust automatically to reflect the new fare total.

When a special promotional rate is offered, the regular price will appear in red with a strikethrough and the promotional rate will appear in blue.

The fare type is also shown along with whether the fare qualifies for our Pay Later option. Flights marked Pay Now will require a credit card payment in order to complete the purchase.

The number of checked bags included in the airfare is also shown. For more information on baggage, click the Info symbol to display flight amenities and checked bag options for each class of service.

If there are a limited number of seats remaining at the displayed rate, an indicator is shown.

Booking Transfers

For flights on the same day the cruise begins or ends, you also have the option to add airport to pier transfers in Flight Finder. Transfers can be selected for individual guests or for all guests for whom you are currently booking air.

Some cities have different transfer options for guests with flights arriving prior to the day of sailing or departing after the day the cruise ends. After transfers have been added to your booking details on the transfers can be found in Espresso.

Example of transfers for alternative dates.

Selecting Seats

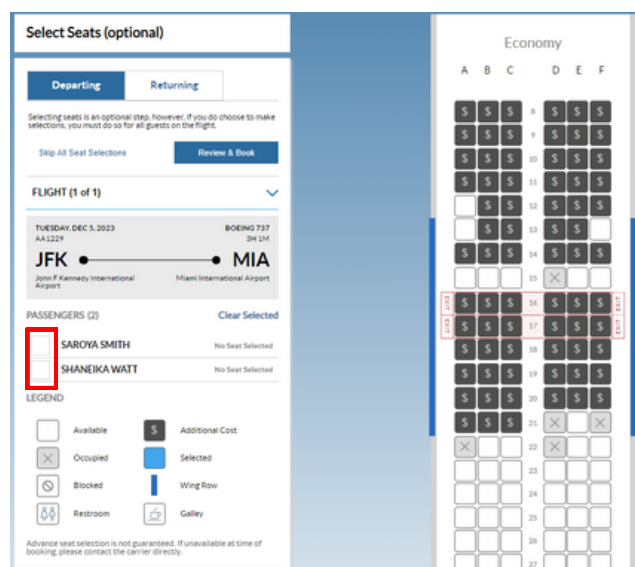

Seat selection is optional when booking flights. It is however recommended especially for clients travelling together. When selecting seats, this has to be done for all guests being booked.

Note: Seating will be displayed based on the cabin class of fare previously chosen.

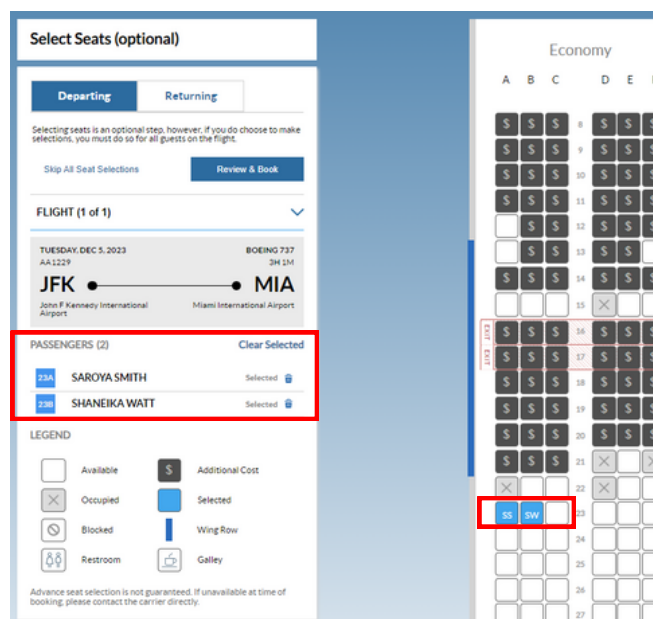

In instances where the carrier restricts the ability to preselect seats, the option will be available to proceed to the next flight.

Using the seat map and seat legend will assist you in selecting the best seats for your clients.

Click on the box next to the clients name you are selecting the seat for.

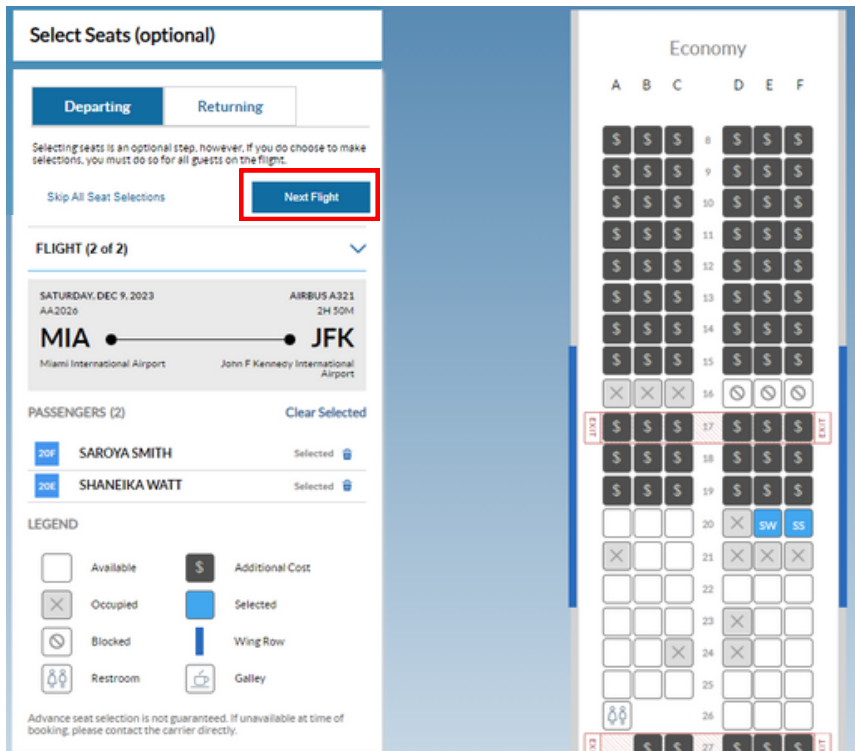

Once a seat is selected, it will appear next to the passenger's name and the passenger's initials will appear in the selected seat on the seat map.

Repeat the process to select seats for all guests on the air booking.

Click on the drop-down next to the Flight or Next Flight tab to select the seats for the next flight.

- If there are multiple segments within a particular leg of the flight, you will be directed to the next segment of the flight to select seats.
- If there is only one non-stop departing flight or round trip being booked, you will automatically be directed to select seats for the returning flight.

Repeat the process to select seats for all guests on the air booking.

The dollar sign will indicate whenever a cost is associated with a selected seat. By hovering the cursor over the preferred seat, the cost will display. For seats requiring additional cost, please contact the carrier directly.

Once seats have been selected for all flights, click **Review & Book** to continue.

Review & Book

A summary of the flights and charges will be displayed for your review. Take the time to ensure all the flight details are accurate before proceeding to the payment.

Overview
Flight Finder is an air tool used by the Royal Caribbean Ltd's brands ("we", "our", or "us") to book flights on Royal Caribbean International's Air2Sea program, and Celebrity Cruise's Flight's by Celebr [Read More](#).

Depending on the fare type selected and whether the cruise reservation is before the final payment, Flight Finder will present the payment options available to you.

For refundable airfare and if the cruise reservation is outside final payment, both the Pay Now and Pay Later options will display.

For non-refundable air or airfare purchased after the final payment date for the cruise reservation, full credit card payment will be required to secure the reservation through the Pay Now option.

If the Pay Later option is shown and your client prefers to pay for the air by the cruise final payment, ensure Pay Later is selected then click Confirm & Book.

Make a Payment

Please note : Each credit card will be validated separately.

PAY NOW PAY LATER

Pay later entails paying at cruise final payment. 90 days prior to sailing.

Confirm & Book

To complete the air purchase now using a credit card, click Pay Now.

You will be able to make payment for all guests together, or choose to pay for one, or more, guests separately. Select the guest or guests for the first transaction then fill in the credit card fields and click **Submit Payment**. Repeat this process for any remaining guests.

Please note : Each credit card will be validated separately.

PAY NOW PAY LATER

Air Confirmation

Congratulations! The air has been added to your client's cruise reservation.

Note: Review the confirmation details, noting the confirmation number (PNR/Airline Record Locator). Verify the seat selection status as the seat availability is subjected to carrier availability when shopping and may not be confirmed once booked. If this occurs, **Pending** or **Declined** will reflect next to the seats requested.
