

POWERED BY STARLINK

# HIGH SPEED IN YOUR HANDS

Everyone wants to disconnect- but no one likes to feel disconnected. Whether your clients are browsing the web, checking in with friends and family back home, or streaming their favorite shows, music, and movies directly to their devices, they can do this with our VOOM Surf + Stream Voyage package. Your clients will also get to share the adventure in real time on social media and video calls. Packages are available for up to four devices.

## Connecting Onboard

- 1 Turn on Wi-Fi and connect to the guest network.
- 2 When the portal loads, click on "Access Internet" and then "Create an Internet account." If there is no pop up, type "login.com" in the address bar.
- 3 Select and purchase your package. You're connected!

To disconnect or switch to another device, type "logoff.com" in the address bar.

If your clients have any questions, visit the Communication Service Specialist during their desk hours.
